

Medicaid Members can receive assistance connecting to social needs services

If you are enrolled in Medicaid and you or your family are looking for support with food, transportation, or housing, there may be help available to you.

Medicaid Members can reach out to a Social Care Network to discuss their social needs.

For those who may benefit from additional supports, you may work with someone to get connected to the services that are right for you, depending on health status and need.

To learn more about services available in your community, visit www.healthyalliance.org/member or call 518-379-0233.
